

Hello,

Please be advised that there are no posters or further instructions that will be sent.

Below are the **REFERENCE CODES** that can be used for **REGULAR EI** filing for the school break periods for the **June 2015 - March 2016 periods**. These codes can be used by people occupying positions as school board employees, school bus employees and all other school related occupations who are off during the non-teaching periods.

Employees can file their claims by visiting: <http://www.servicecanada.gc.ca/>

Employees who need to file EI claims before the **Effective date or after the Expiry date indicated**, will be required to complete the **regular application** for Employment Insurance benefits without a **Reference Code**.

Please note: The codes are not to be used for **permanent layoffs, retirements or special benefit claims** such as **maternity, parental, compassionate care, illness or people who live or relocate outside the province of Ontario during these periods**.

Claimant Enquires on the status of their claim:

Only claimants or appointed representatives can make enquiries on a claim for EI Benefits. This normally occurs when the individual cannot act on their own behalf. A form must be completed and filed to ensure the appointed representative is noted on the claim. Claimants may ask Human Resources or Payroll staff questions in regards to their EI. The claimants must be directed to contact Service Canada for answers to their specific situation. Employer reps or Union reps cannot enquire on individual situations without consent on file.
